

THE GREAT GRAPHING PROJECT RUBRIC

Student's Name: _____

*Project turned in: ☐ **on time** (full credit) ☐ **late** (-10 points)

Category	10	8	6	4
Survey Questions	<p>Student created 5 <u>original</u> survey questions. Correct capitalization and punctuation was used throughout.</p> <p><input type="checkbox"/></p>	<p>Student created 5 survey questions, but they lacked originality. Correct capitalization and punctuation was used throughout.</p> <p><input type="checkbox"/></p>	<p>Student created less than 5 survey questions <u>or</u> survey questions did not contain correct capitalization and punctuation.</p> <p><input type="checkbox"/></p>	<p>Student created less than 5 survey questions <u>and</u> survey questions do not show knowledge of capitalization and punctuation.</p> <p><input type="checkbox"/></p>
Creating a Table	<p>Student gave the table an appropriate name and listed all five answer choices correctly in table.</p> <p><input type="checkbox"/></p>	<p>Student listed all five answer choices correctly in table, but did not give the table an appropriate name.</p> <p><input type="checkbox"/></p>	<p>Student gave the table an appropriate name, but did not list all five answer choices correctly in the table.</p> <p><input type="checkbox"/></p>	<p>Student did not give the table an appropriate name <u>or</u> list all five answer choices correctly in the table.</p> <p><input type="checkbox"/></p>
Collecting Data (x2)	<p>Student surveyed between 10-20 people, tallied the responses correctly, and wrote the total numbers for each answer in the table correctly.</p> <p><input type="checkbox"/></p>	<p>Student surveyed between 10-20 people, but had minor errors in tallying the responses or writing the total numbers for each answer in the table.</p> <p><input type="checkbox"/></p>	<p>Student surveyed less than 10 people. The data collected is tallied correctly and has the correct total numbers for each answer in the table.</p> <p><input type="checkbox"/></p>	<p>Students surveyed less than 10 people. There are also errors in tallying the responses or writing the total numbers for each answer in the table.</p> <p><input type="checkbox"/></p>
Creating a Pictograph (x2)	<p>Student created a pictograph correctly, including a title and key.</p> <p><input type="checkbox"/></p>	<p>Student created a pictograph, but has minor errors in the graph, title, or key.</p> <p><input type="checkbox"/></p>	<p>Student attempted to create a pictograph, but has major errors in the graph, title, or key.</p> <p><input type="checkbox"/></p>	<p>Student attempted, but did not complete, a pictograph of results.</p> <p><input type="checkbox"/></p>
Creating a Bar Graph (x2)	<p>Student created a bar graph correctly, including a title, labels, and numbers.</p> <p><input type="checkbox"/></p>	<p>Student created a bar graph, but has minor errors in the graph, title, labels, or numbers.</p> <p><input type="checkbox"/></p>	<p>Student attempted to create a bar graph, but has major errors in the graph, title, labels, or numbers.</p> <p><input type="checkbox"/></p>	<p>Student attempted, but did not complete, a bar graph of results.</p> <p><input type="checkbox"/></p>
Asking Questions About Graphs	<p>Student created 2 questions about his/her graphs and correctly answered both questions.</p> <p><input type="checkbox"/></p>	<p>Student created 2 questions about his/her graphs, but only correctly answered one of them.</p> <p><input type="checkbox"/></p>	<p>Student created 1 question about his/her graph and answered it correctly.</p> <p><input type="checkbox"/></p>	<p>Student did not create and answer correctly any questions about his/her graphs.</p> <p><input type="checkbox"/></p>
Appearance	<p>Student took much pride in work. Handwriting and coloring of graphs is neat.</p> <p><input type="checkbox"/></p>	<p>Student took some pride in work. Handwriting and/or coloring of graphs is somewhat neat.</p> <p><input type="checkbox"/></p>	<p>Student took little pride in work. Handwriting and/or coloring of graphs is easily legible.</p> <p><input type="checkbox"/></p>	<p>Student did not take pride in work. Handwriting and/or coloring of graphs is hard to read or illegible.</p> <p><input type="checkbox"/></p>
