

FROG LIFE CYCLE & FACTS

© Lita Lita 2013

This is a science lapbook that you can use with your k-6 grades because it can be easily adapted.

Just choose the part that you need.

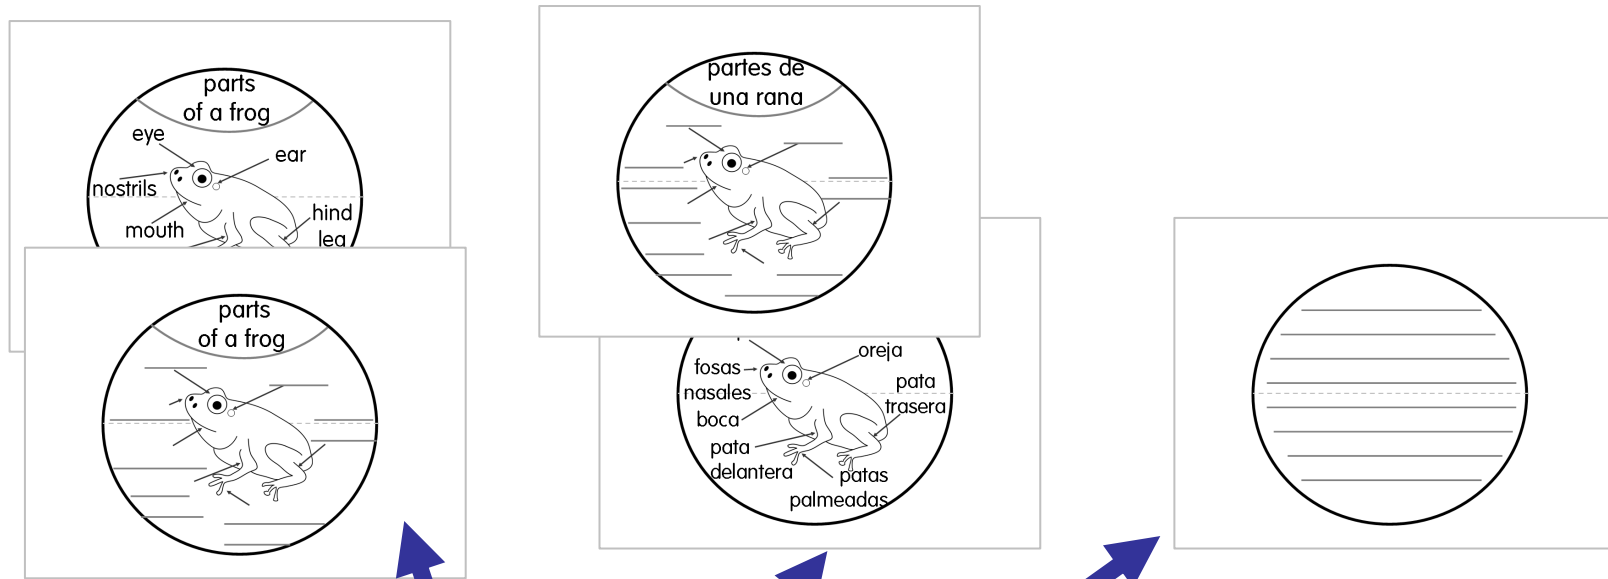

This one is on top.

You can choose between Spanish, English and blank (your students can write the words).

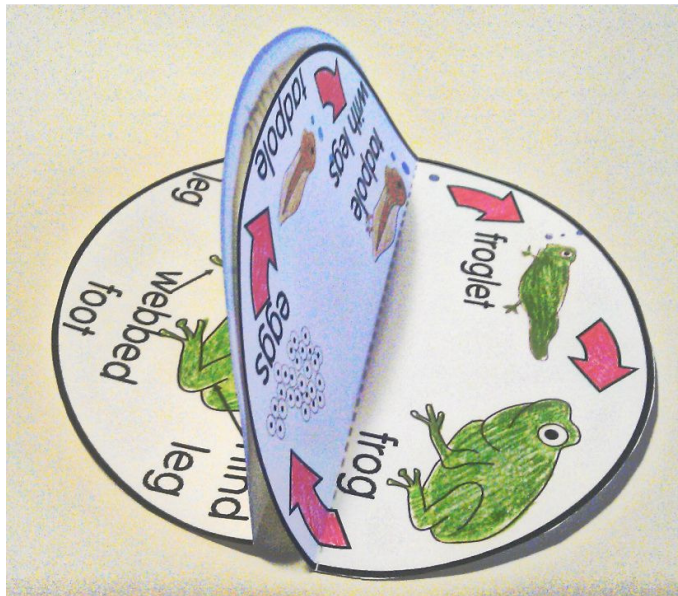

This is the basic craft. But you can add some other parts to complete it.

If you want to include parts of the frog and lifecycle you can just print the ones that you need and glue them at the back of the frog head.

You can choose between Spanish, English and blank (your students can write the more facts).

Once you glue all the parts together you have a mini-book under the frog's head and some writing space on the body.

I printed body and heads onto green paper and the other parts onto white paper.

If you need more information on how to assemble it you'll find the at the end,

glue

Frogs are
amphibians. Frogs
eat insects. Frogs
have a sticky tongue.
Frogs can jump and
swim.

Frogs live in ponds.

glue

Las ranas son
anfibiaos. Comen
insectos. Las ranas
tienen una lengua
pegajosa. Pueden
saltar y nadar.

Las ranas viven en estanques.

FROG FACTS

Frogs are: _____

Frogs can: _____

Frogs live: _____

Frogs eat: _____

Frogs have: _____

DATOS de RANAS

Las ranas son: _____

Las ranas pueden: _____

Las ranas viven: _____

Las ranas comen: _____

Las ranas tienen: _____

eggs

The frog lays
thousands
of eggs.

Tadpole

Tadpoles
use their
tails to
swim.

Tadpole with legs

Tadpoles
grow legs.

fROOGLEt

Froglets
have four
legs and a
small tail.

FROG

Tail
disapears
and the frog
can live out
of the water.

hUEVOS

La rana
pone miles
de huevos.

Renacuajo

Los
renacuajos
usan su cola
para nadar.

Renacuajo con patas

A los
renacuajos
le crecen
patas.

Rana

joven

Las ranas
jóvenes
tienen cuatro
patas y una
pequeña cola

Rana

La cola
desaparece
y puede vivir
debajo del
agua.

1. Color the pictures and write the words.

2. Cut out all the parts and fold the --- line.

3. Join the parts of the mini book. And glue them to the frog body.

FROG LIFECYCLE & FACTS

4. Add some glue and add the head on top.

If you liked this unit check out my store and my blog to find new bilingual materials or clip art sets. You can also find some science crafts to 'fold and learn', animal facts and some freebies.
